

Special Offer: LGfL Primary Schools Broadband Upgrade

Primary schools can get moving at 10Mbps with LGfL broadband upgrade offer.

For a limited time only, to coincide with the launch of the LGfL MLE, a special upgrade offer is available to Primary schools served by an existing LGfL 2 Mbps or 5 Mbps fibre connection.

The MLE brings new demands for high speed and ample broadband access, as well as the ongoing demand brought on by advances in Primary curriculum content. This upgrade offer is an opportunity to provide a performance boost and safeguard future growth, allowing Primary schools to save money whilst preparing for the future with:

- Upgrades from 2Mbps or 5Mbps to 10Mbps
- Reduced upgrade set-up fee of £3000
- Reduced annual rental from £5998 to £4998

The reduced charges alone reflect a saving of up to £7,000 over a 3 year period!

Local Authority wide upgrades for all Primaries will receive an extra 1.25% discount at the time of order.

This offer is available immediately and will extend to Friday May 25th 2007.

Get up to speed with what you'll receive:

- Upgrade now to 10Mbps broadband
- Savings up to 57% on upgrade set-up fee
- Savings of £1,000 per year on annual rental
- No increase in rental charge until the next annual renewal invoice
- Save money now and plan ahead for the future

Conditions of the offer

- This offer is available for orders placed by Friday May 25th 2007. Standard LGfL pricing will again apply after the closing date of the offer.
- This offer is subject to a minimum take-up of 150 schools across the LGfL customer base, and is subject to the school being currently served by fibre.
- If this target is met, the annual rental for existing Primary 10Mbps will be lowered in line with the offer from the next invoice.
- All orders will be processed upon receipt of the 150th order quoting the offer promotional reference and received before the offer expiry date of Friday, May 25th 2007.
- The upgrade set-up fee will be payable at the time of the upgrade.
- The upgrade annual rental will not be payable until the next annual renewal invoice.
- Local Authority wide upgrades for all Primaries will receive an additional 1.25% discount to the upgrade set-up fee.

How to order

- Schools should contact their Local Authority and request the upgrade to 10Mbps.
- Local Authorities should contact Bretta Rains or Amit Chavda on salesadmin@synetrix.co.uk.
- Quote reference 'Promo/10Mbps/UG/Pri'.
- State the name of the school to be upgraded.
- Synetrix will forward contract details for signature.
